

K

Greeting

"We will do our best to bring happiness to all children, parents, and caregivers."

Hello,

I am Jaein Lee, the president of the Korea Childcare Promotion Institute (KCPI).

KCPI was established to implement national childcare policy projects effectively to bring satisfaction to children, parents, and childcare providers.

We truly believe in our motto that, "Children are our hope for the future. Therefore, childcare is an investment in our future."

Nurturing and responsive childcare plays an essential role not only in families themselves but also in the society as a whole. Since its establishment in January 2010, KCPI has played a major role in the improvement of childcare services nationwide.

KCPI thus strives to do its best in focusing on the field of child welfare as well as childcare, and create the safe, healthy, and nurturing environment that parents want and children deserve.

We sincerely ask for your continued interest and support. Thank you.

President of KCPI **Jaein Lee**

KCPI provides standardized criteria in choosing a childcare center

Childcare Center Accreditation

KCPI accredits safe childcare centers that parents can trust through an objective accreditation process.

After accreditation, KCPI continuously controls childcare centers to maintain high quality services through regular inspections, educational support, etc.

Accreditation results at a glance!

It is quick and easy to find accreditation total score, scores in a specified area, comprehensive evaluation, and accreditation history of the childcare centers on the 'i-sarang Childcare Web Portal'.

KCPI only promotes public childcare centers that are supported by the government and trusted by parents

Public Childcare Center Follow Up Control

KCPI selects excellent private childcare centers and supports them to function as part of a leading childcare infrastructure by providing a variety of support. KCPI exists to promote professionalism among childcare teachers and systematic operation of childcare centers.

- Special lectures and study groups for childcare teachers
- One on one consultation service with childcare professionals
- Information provided related to childcare, etc.

Operation information of public childcare centers at a glance!

It is quick and easy to find the accreditation score, the status of public childcare teachers, special activities, details of budget of public childcare centers on the 'i-sarang Childcare Web Portal'.

KCPI reinforces the capacity of childcare teachers through on-the-job training

Certification, Certificate Distribution, and Capacity Reinforcement of Childcare Teachers

KCPI implements certification, distribution of certificates, and on-the-job training to promote childcare teacher's professional development.

- Certification, certificate distribution, and qualification management of childcare teachers
